## MACARON FAVOR BAGS

Print template onto 8.5" x 11" text weight paper with a color printer on the highest print quality setting. Fold labels at dotted lines and score with a bone folder for a crisp fold. With an x-acto knife and ruler, cut along the solid outer border of each label. Add a finishing touch to the bags and scallop the top with a pair of pinking shears or a rotary cutter. Affix label to bag using double-sided tape. To maintain freshness and avoid food stains on the bag, line it with parchment paper. *Voilà!* You're ready to treat your guests to a little taste of Paris.
